Unique Viewers: 727

Many of our old Music Team videos have been getting some traffic this past month. Our Music Team effort with Inshallah in support of CLWR, Senzenina had 362 views (An example of how digital resources grow exponentially) This video is up to 1265 views in total, joining Holden Evening Prayer in the 1000+ club.

Zoom

4 Coffee Hours

4 Bible Studies

3 Confirmation classes

+ 16 other zoom meetings, 25 in total

Other:

- Continue to conduct extensive ministry via phone, email, text, social media, etc, no stats.
- Extensive work on Synod Assembly projects featuring the Music Team at Peace. We are producing 8 tracks for inclusion in next week's Synod Assembly.
- Live Stream Update: Cameron, with support from myself, Stacy and Stacy's friend Brian (Brian works in the industry) has done an excellent job identifying the equipment we need. See attached spreadsheet. Cameron & Stacy will be a tech team when we go live. Ethan and Erich have offered to be another team. We have other potential volunteers for this too, stay tuned.

Because the amount of the purchases total more than our credit card limit, I've worked with Sunny to come up with a solution. She added credits to the card which will allow me to exceed the limit of the card. I will be making the purchases this week. I am shipping them to Cameron's house where he will put the equipment together and figure out how everything works. We will then look to install the equipment and train our volunteers once everything is installed.
